

Event Coordinator Report AGM 2018

We thank the dancers who contributed food and their time at the Betwixt & Between and LTD workshop.

In particular many thanks go to the stalwarts of the kitchen who have willingly assisted so many times and ways. We are always looking for "new bodies" to take over in whatever capacity they can.

The pleas of "please don't ask me to make sandwiches again" did not go unheard! So, at the B&B dance we tried hot finger foods instead. This seems to have been successful. Also at the LTD workshop participants were offered lunch rather than brown bagging it. I think this was appreciated.

I know some of you were a bit surprised that at the afternoon dance following the workshop we only provided light refreshments. But considering the effort it takes to provide, set up and clean up at the latter part of the afternoon when many dancers had to leave for various reasons, we felt that this was an appropriate change to make.

We don't discriminate, so anyone willing to help will always be gratefully accepted!!

Sandra Anderson
