

Sandra Anderson Bio

After attending high school and college in Glasgow, I worked in the Health and Welfare Department for Glasgow Corporation and the Sunshine Coast until moving to the lower mainland in '82. I retired after 20 years working at BCCH and moved to Spain. To my surprise I found a very active group of Scottish country dancers and joined them. Not long after that I began travelling all over the Iberian Peninsula and Portugal attending workshops and dances learning from great teachers meeting dancer from all over Europe .

On returning to BC a few years ago I joined the White Rock club and served on the executive for 5yrs. I also dance with the Langley Voyageurs. Dancing activities and volunteering with other organisations keeps me busy, but I am an avid Pickleball player and enjoy a variety of outdoor activities.
